Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for updated documentation, visit https://www.microfocus.com/support-and-services/documentation/.

Support

Visit the MySupport portal to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- View information about all services that Support offers
- Submit and track service requests
- Contact customer support
- Search for knowledge documents of interest
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in.

Contents

New in this Release

There were no new features in Panopticon version 12.11.0.

Resolved Issues

The following issues were resolved in Panopticon version 12.11.0.

- KeyView could stop responding when processing some PDF files with circular references.

- KeyView returned `KVERR_badInputStream` for some compressed PDF documents.

Requirements

For information about supported platforms, supported compilers, and software dependencies for Panopticon, refer to the *Panopticon Programming Guides*.

Documentation

The following documentation was updated for Panopticon version 12.11.0.

> **NOTE:** Previously, the only available guide was the *Panopticon Programming Guide*, which provided information about the C API. There are now separate guides for the C and Java APIs.

- *Panopticon C Programming Guide*
- *Panopticon Java Programming Guide*
